

VENUE

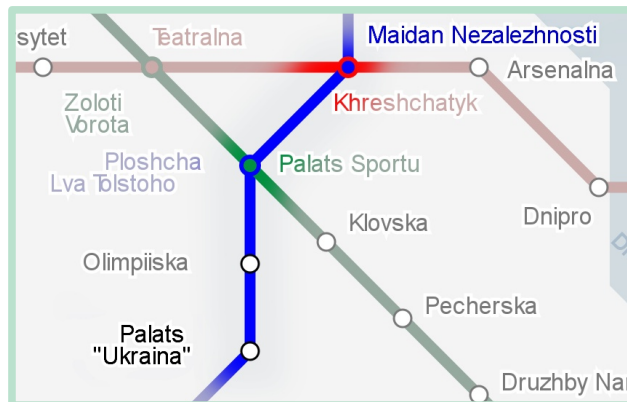

The conference is held at **Kyiv National Linguistic University, 5/17 Laboratorna Str.** The path between the Kozatsky hotel and the conference venue is rather simple. There is a direct metro connection between the "Maidan Nezalezhnosti" station (hotel) and "Palats Ukraina" station. The path from the "Palats Ukraina" station to the conference venue is approximately 700 meters and is depicted on the right.

The two metro stations are approximately 10 minutes apart and have two stations in between:

HOTEL

The **Kozatsky hotel** is located near the Maidan Nezalezhnosti on **Mykhailivska Str. 1/3**. The metro station's and the hotel's locations are highlighted below:

Wikimedia CEE Meeting 2014 (#WMCEE) is the third annual meeting of Wikimedians from Central and Eastern Europe. Our goal is to develop CEE community, share experience and receive new skills. We want to fortify interstate and international collaboration between various Wikimedia chapters, thematic organisations, user groups and other communities in Central and East Europe and its regions. After two successful editions in 2012 and 2013 we want to improve international cooperation and develop links with CEE countries that are still in process of developing local communities.

19.–21. December 2014,
Kyiv, Ukraine
